## INSTRUCTIONS

Print sheets 2,3,4 & 5 on heavy A4 paper – a weight of about 180 gsm should suffice.

Then (ideally using either a guillotine or a steel rule and a sharp blade), trim off the white border along the 2 sides of each sheet where they are going to be attached to another sheet. If you strive to perform the trimming as accurately as you can, the sheets will be easier to tape together.

Attach the 4 sheets using tape on the reverse side to create an A2 sized poster.
